Our composite door designs are available in a range of five standard colours and two woodstain finishes, but with our high specification paint plant, we can provide a wide range of specialist colours and a colour matching service. This state-of-the-art mixing system allows a choice of colour options from the popular RAL colour range – it's a veritable rainbow and means there is a colour for everyone.

Personalising your composite exterior door from Truedor doesn't end with the style, colour and finish. There is an extensive range of high quality accessories to choose from to suit the overall look of your home. Our corrosion resistant handles, letterplates, knockers, numerals and eyeviewers have been manufactured to an extremely high standard of performance.

BESPOKE COLOURS

Our mixing system allows a choice of colour options from the RAL colour range.

NOTE: We have faithfully reproduced the colour ranges featured, there may be variations from print to the actual product.

HARMONY GLASS RANGE

Making these doors even more special is the fact that each decorative glass panel has been hand crafted with coloured bevels to compliment the door.

HARDWARE & ACCESSORIES

TRULY SECURE DOORS – WE TAKE YOUR SAFETY SERIOUSLY

We feature fully suited hardware as standard. Our door handle is an attractive looking product, which offers an ergonomic design with no compromise on grip length. The handle has been manufactured to an extremely high standard with outstanding product performance.

The letterplate has been designed very much with aesthetics in mind with its simple but elegant styling, designed to complement any door and suited finishes with other door furniture. The construction is unique with pressed metal flaps that shroud the surround from view.

The door knockers, numerals, eyeviewer and lettering have been sensitively designed to complement the features of any external door face. Manufactured from 304 stainless steel (with the exception of the eyeviewer which is brass), the products offer ultimate corrosion resistance for ultimate performance.

GUARANTEES - PEACE OF MIND GUARANTEED

Not only will your personalised door arrive in as little as 5 days, but once fitted, the doorset is guaranteed for up to ten years, depending on the finish and paint selected.

CONTEMPORARY STEEL BAR HANDLES

- Brushed stainless steel bar handles
- Contemporary handles that create a stunning entrance door
- Austenitic stainless steel construction
- Ultimate corrosion resistance
- All our bar handles are through fixed to a matching internal handle
- Matching escutcheon and letterplate available.

SECURITY AS STANDARD

STANDARD SPECIFICATION INCLUDES:

- 2 SETS OF TRIPLE DOGBOLTS
- TROJAN HARDWARE
- ERA MULTI POINT LOCKING SYSTEM

Our doors are fitted with high security multi-point locking systems as standard. These locks meet the requirements of PAS 23/24 and are tested in accordance with BS EN ISO 9001 Quality Assurance. We also supply a 'split spindle' option which further enhances security. The door locks on the latch as soon as the door is shut and requires a key to unlock it.

To take the security of our doors to an even higher level, we also fit our specially designed triple dogbolt system as standard. This involves two sets of triple hinge bolts that secure the door to the frame, protecting you against intruders. Through our design we aim to make fitting composite doors easier.

A stylized, handwritten signature in white ink, appearing to read "G. Clarke".

GEORGE CLARKE

TRIPLE DOGBOLTS

- 2 sets of triple dogbolts supplied as standard on all Truedor composite doors
- Designed to complement our existing high security multi-point lock
- Exclusive to Truedor

WINKHAUS AV2 MULTIPOINT AUTOLOCK

Designed to provide homeowners with instant security by automatically engaging two solid high-tensile steel hooks and central latch every time the door is shut.

WINKHAUS THUNDERBOLT HERITAGE LOCK

Designed to complement our traditional or modern doors featuring shoulder height locking.
